### COAHOMA COMMUNITY COLLEGE CELEBRATES 75 YEARS OF EXCELLENCE

We are thrilled to reveal our 75th-year logo. Share your family's legacy with us at Coahoma Community College (CCC - Tiger Nation), which has been a part of many family traditions for the past 75 years. Share your unique connection with CCC by entering your name and sharing stories about your family members who have been part of CCC, either as alumni or current students. You can also upload family photos for us to feature on our social media platforms. Are you curious about which family boasts the most CCC graduates? It could very well be yours! If your child, grandchild, parent, grandparent, sibling, aunt, uncle, niece, or nephew has attended CCC, you are part of our legacy. For any inquiries about your Legacy status, please email us at [ccc75years@gmail.com](mailto:ccc75years@gmail.com). Let's commemorate our shared history together! For more information, click the "Learn More" button.

# CCC CHOIR MAKES ALL-STAR APPEARANCE

MARCH 2024

The Coahoma Community Choir is truly remarkable as it continues to perform at prestigious events. Led by Dr. Kelvin Towers and Assistant Director Zsa'Xhani Davis, the choir captivated fans during HBCU Night. Just before The Grizzlies faced the Cleveland Cavaliers, the CCC choir beautifully sang The National Anthem. While this was a significant opportunity, it was not unfamiliar to the choir. In July 2023, members of the Coahoma choir traveled to Tokyo, Japan, to participate in the Legacy Foundation of Japan's Juneteenth Gala. This international experience marked a significant chapter in the choir's journey, as they shared their musical brilliance with an appreciative audience on a global stage. Though the choir had a successful night, the Grizzlies fell short to the Cavaliers at home with a score of 108 to 101. Nevertheless, the Coahoma Community Choir continues to forge ahead, bringing their musical prowess to new heights.

# MARCHING MAROON TYPHOON MAKES MARDI GRAS APPEARANCE

The Coahoma Community College Band took center stage in the vibrant celebrations of Mardi Gras. Our musicians showcased their exceptional skills and infectious energy during the lively parades held in two iconic Southern cities—New Orleans, Louisiana, and Mobile, Alabama. The enchanting sounds of brass instruments and rhythmic beats resonated with the spirit of Mardi Gras, captivating onlookers and contributing to the festive ambiance that defines this world-renowned celebration.

## Introducing Rio Bigstorm, A Rising Star from Houston, TX

Introducing Rio Bigstorm, the emerging talent from Houston, Texas, who is merging his passion for English and skateboarding at CCC! Rio's contagious enthusiasm and relentless commitment epitomize a genuine commitment to academic brilliance and community involvement. Let's come together to applaud his accomplishments and motivate others to pursue their dreams!

## Coahoma Football Hosts Tryouts

Coahoma Community College's football team conducted tryouts, attracting students from various schools in the area who were eager to join the Tiger Nation. To relive the best moments and highlights from the tryouts, simply click on the "play now" button.

# CCC FACULTY MEMBERS CHOSEN FOR AN OPPORTUNITY

## *Congratulations*

### **Africana Digital Humanities HBCU FACULTY DEVELOPMENT Spring 2024 Workshop Series**

Five esteemed faculty members from Coahoma Community College, namely Linda F. Williams, Laurie Maxwell, Melissa Faulkner, Jeremy Pittman, and Shanelle Frazier, have been awarded a \$300 stipend to partake in the transformative "Artificial Insights: The Impact of AI from Image Creation to Cultural Narratives" workshop. This prestigious event, hosted by The Center for Africana Digital Humanities at Clark Atlanta University, aims to illuminate the profound effects of artificial intelligence on various aspects of society.

The workshop is designed to explore the legal, social, and ethical dimensions of AI's role in creative visual and written outputs within the humanities. It provides an in-depth examination of how AI technologies, especially those related to image creation, are redefining the boundaries of art and cultural studies.
