*On a mission...*

### What is Orientation?

Orientation will give new students a head start on the college experience. It is a comprehensive opportunity designed specifically for the first-time freshman, to provide information to ease the transition into college life and introduce the college's goals, mission, policies, admission requirements, and programs of study.

### Why do Parents need to come?

There are special sessions designed just for parents, that are specifically designed to address questions and concerns that parents have about admissions, academics, housing, financial aid, fees, expenses, student life, athletics, student health, insurance, etc.

We want parents to capture the safe and orderly environment and campus life that students experience here.
