Planning and Evaluation Policies and Procedures

Coahoma Community College's Office of Research, Assessment, and Strategic Initiatives has outlined policies and procedures for its institutional planning and evaluation processes.

These policies and procedures are as follows: (as published in Coahoma Community College's *Policy and Procedures Manual*).

34.1 MISSION STATEMENT REVIEW

The mission statement of Coahoma Community College is the foundation upon which the institution examines itself, allocates its resources, and plans its future. The mission statement is comprehensive, addresses all aspects of institutional function, and actively guides the institution. Listed below are Coahoma Community College's procedures for reviewing, revising, and publishing its mission statement:

1. The mission statement will be reviewed as needed during the annual Strategic Planning Council meeting. A preliminary mission statement and goals review will be conducted in February of each year.
2. Suggested revisions will be submitted to the institution's faculty, staff, and administration.
3. An amended mission statement will require a majority vote from faculty, staff, and administrator voters.
4. The amended mission statement will be submitted to the Board of Trustees for approval or disapproval immediately after changes.
5. The approved mission statement will be communicated to the institution's constituencies on the institution's website and through several publications including the *College Catalog*, *Policy and Procedures Manual*, the *Fact Book*, the *Strategic Plan*, *Master Facilities Plan* and the *Annual Reports*.

34.2 CURRICULUM REVIEW

Changes in the curriculum may be initiated by students, faculty, administrators, or individuals outside Coahoma Community College.

The initial requests for curriculum revisions are referred to the appropriate division for study, consideration, and refinement. Pending approval, the requested change is then submitted to the Curriculum Committee. Major changes will be submitted to the President and the Board of Trustees for approval. After President and/or Board approval, the instructional deans will take the necessary action for implementing the curriculum change. In the case of Career-Technical curriculum revisions, additional steps are followed for approval by the State Board for Community and Junior Colleges.

34.3 INSTRUCTIONAL AND NON-INSTRUCTIONAL PROGRAM REVIEW

The program review process at Coahoma Community College has been developed to complement the on-going institutional effectiveness process and to become a vital part of institutional planning. The program review is a comprehensive, systematic method of self-evaluation and review of achievement conducted every four years within instructional programs and administrative and educational support services. The program review process at Coahoma Community College is the means for which all programs periodically review themselves according to a set of established criteria. Program review evaluation instruments and the Program Review Schedule are published on the Institutional Effectiveness website.

34.4 PURPOSE AND GOALS

The purpose of the program review is to provide a system of continuous improvement in programs. Review and evaluation procedures provide recognition of the accomplishments of a program as well as identify interventions needed for improvement of the program. The goals of the review are as follows:

1. To define the purpose and goals of the institution's programs
2. To measure the effectiveness of the institution's programs
3. To improve the quality of the institution's programs
4. To provide data for such intervention decisions as those regarding staff needs, admission requirements, and curricular additions or deletions
5. To provide a system of regular data collection and analysis
6. To determine how specific programs serve the mission of the institution and respond to student and community needs.

34.5 PROGRAM REVIEW CYCLE

Each program area will be evaluated once each four-year period.

34.6 CRITERIA FOR EVALUATION

The program review process at Coahoma Community College is the means for which all programs periodically review themselves according to a set of established criteria. This process is comprehensive and cyclical and consists of: (1) the development of a written report by program, (2) a review and report by the Program Review Committee, and (3) a follow-up report/action plan, if necessary.

Office of Research, Assessment, and Strategic Initiatives 2020-2021 Planning and Evaluation Manual

34.7 ORGANIZATION FOR PROGRAM REVIEW

The program review process will be organized by the Office of Research, Assessment, and Strategic Initiatives. The Office of Research, Assessment, and Strategic Initiatives will coordinate the reviews and findings of the Program Review Committee.

A Program Review Committee will be composed of:

1. Administrators
2. Faculty and staff members
3. Community representatives

The findings and recommendations of the Program Review Committee will be presented to the appropriate administrative officer for final review.

34.8 TEXTBOOK REVIEW

The selection of appropriate textbooks for classroom instruction is the responsibility of the faculty. The instructional deans are responsible for supervising the textbook selection for each course taught in their area. Instructional chairs schedule meetings as needed to discuss textbook adoption.

As one means of ensuring consistency across the different venues in which Coahoma Community College operates, all similar courses offered by the College should use the same textbook. Exceptions to this policy must be approved by the instructor's immediate supervisor. The various disciplines may supplement the standard textbook with other reading and learning materials.

Textbooks will be adopted a minimum of 3 years. However, instructors may request a change in textbooks sooner in unusual circumstances where rapidly changing technologies or major innovations in a discipline render a textbook obsolete. Exceptions to the three-year minimum must be approved by the instructor's immediate supervisor.

34.9 EMPLOYEE PERFORMANCE REVIEW

Coahoma Community College believes in the growth and development of all of its employees and encourages and provides opportunity for self-development and advancement.

The focus of the review is to make certain employees understand their areas of responsibility and how well they are meeting the expectations of the supervisor. A second area of focus is to plan for the upcoming year by reviewing changes, goals, and expectations that will be implemented before the employee's next review period.

Office of Research, Assessment, and Strategic Initiatives 2020-2021 Planning and Evaluation Manual

34.10 COURSE SYLLABI REVIEW

The faculty members of Coahoma Community College have created master course syllabi to ensure that student learning outcomes and expectations are consistent from course to course. Instructors assigned to teach these courses provide students with more detailed syllabi at the beginning of the semester.

Instructors are expected to use the master syllabi and to meet as needed to evaluate and revise the syllabi. Any syllabi revisions are due to instructional deans by May of each year.

34.11 STRATEGIC PLAN

The Strategic Plan of Coahoma Community College reflects the continuing evolution of the Institution's successes and current challenges. Developed by Coahoma Community College's stakeholders, this document identifies the mission, goals, and objectives for the institution.

The Strategic Plan is designed to guide Coahoma Community College for the upcoming year and future. A key part of the plan is an annual assessment of both progress toward and current relevance of the mission, goals, and objectives of the plan. Modifications are made based upon assessment findings. The Strategic Plan is published on the College's website.

34.12 ANNUAL REPORT

Coahoma Community College's *Annual Report* is an ongoing planning, assessment, and evaluation system to improve and enhance all of the institution's instructional and instructional support programs. The College's mission statement and goals are at the center for this planning system.

The purpose of the *Annual Report* is to evaluate the effectiveness of Coahoma Community College's programs and services and to use findings to make decisions that will improve student learning and curriculum, enhance overall institutional effectiveness, and accomplish the mission of the institution. The *Annual Report* is evaluated annually and is published on the Institutional Effectiveness website.

34.13 PLANNING AND BUDGETING

Coahoma Community College engages in ongoing, integrated, and institution-wide research-based planning and evaluation processes. The results from these processes directly correlate with the institution's budget.

After analyzing results from the current year, College personnel are given the opportunity to participate in the budgeting process by submitting departmental requests using the *Departmental Budget Request Form*. These requests are processed through the division level and then submitted to the Chief Financial Officer and the Budget Committee. The Budget Committee meets annually to

evaluate and prioritize budget requests. After requests have been evaluated, the Chief Financial Officer forwards the results to the President. The Board of Trustees grants final approval for the College's overall budget.
