

# COLLEGE ADMISSIONS

Coahoma Community College does not discriminate in the admission of students because of race, color, sex, age, national origin or disability. The institution ascribes to an "open admissions" policy. However, admission to the college does not necessarily guarantee admission to a specific program of study desired by a student.

The Director of Admissions and Records receives and processes all general applications, evaluates credentials, and issues statements relative to admission of applicants. Academic, technical, and career students may enter at the beginning of either of the two semesters or at the beginning of the summer school terms. Application forms may be secured from the Office of Admissions and Records or from the college website.

## GENERAL ADMISSIONS REQUIREMENTS

The following three (3) requirements are general admissions requirements and must be completed by all students desiring admission to Coahoma Community College:

1. **APPLICATION** Each applicant is required to submit a completed application for admission. This application can be obtained by contacting the Office of Admissions and Records or on the Admissions website at <http://www.coahomacc.edu/admissions/index.html>.
2. **TRANSCRIPTS** A first-time entering student seeking admission to the college should provide an official transcript bearing the principal's signature, date of graduation and school seal. Students who have passed the General Education Test must submit an official transcript of the General Education Diploma (GED) scores. Students who have attended other institutions of higher learning must submit official college and/or military transcripts from ALL institutions attended.
3. **ACT SCORES** Students seeking admission to the academic and technical programs are required to take the American College Test (ACT) and request that the results be sent to the Office of Admissions and Records. A student cannot be admitted to an academic or technical program unless the ACT scores are on file in the Admissions and Records Office. First-time enrolled students 21 years of age and older are not required to take the ACT unless they are planning to enter into a specific program that requires it, such as the Practical Nursing, Respiratory Care, Associate Degree Nursing, Paramedic, and Polysomnography Program.

Each applicant is notified of his admission status upon completion of the admissions application process.

All admissions requirements must be submitted to the Office of Admissions and Records. In order for an applicant to receive a "Notice of Acceptance," all admissions material must be on file in the Office of Admissions and Records.

## CATEGORIES OF ADMISSION

- **Regular admission** indicates that a student has satisfactorily fulfilled all admission requirements.
- **Transfer student admission** is designed for students who have satisfactorily completed coursework from another accredited college or university.
