

**COAHOMA COMMUNITY COLLEGE
ASSOCIATE DEGREE RESPIRATORY CARE PROGRAM**

Application & Admission Procedure

General Information

The application deadline for the Respiratory Care Program is May 15, 2026.

Contact the Respiratory Care Department (662-621-4687) for clarification or questions regarding the application.

Summer Requirements for fall 2026 admission to the Respiratory Care Program:

If accepted into the Respiratory Care program, the following must be completed before Fall 2026 enrollment is allowed:

1. Successful completion of all prerequisite course requirements for admission.
2. Successful completion of the ***Health Sciences Summer Enrichment Camp, July 14, 2026, 8:45 a.m. - 3:15 p.m. at the CCC Robert G. "Brick" Mason Health Sciences Building.***
3. Successful completion of additional program-specific requirements.

Application to Coahoma Community College

An application to Coahoma Community College **must be completed or updated before** applying to the Respiratory Care Program.

Go to:

https://myccc.coahomacc.edu/ICS/Admissions/Online_Application.jnz?portlet=Apply_Online&formname=Initial+Application

for the college application form(s). The five (5) requirements for general admission consist of a completed CCC application, a high school transcript, an academic transcript of all colleges attended, an ACT composite score of 17 or higher, and a Social Security card.

Pre-Admission Requirements for the Respiratory Care Program

1. All requirements for general admission to the college must be met.
2. All prerequisites are to be completed by the end of the Summer II semester.
Required Prerequisites:
 - Anatomy & Physiology I & II 8 hrs
3. A cumulative minimum GPA of 2.0 is required.
4. A minimum grade of "C" is required in all courses.
5. Anatomy and Physiology I & II and Labs must have been taken within the last **seven years** with a C or better grade in each course.
6. A minimum ACT composite score of 17
7. Completion of the TEAS pre-admission examination.

8. Admission to the Respiratory Care Program is competitive according to weighted criteria. Meeting pre-acceptance requirements does not guarantee admission.

Application Process

The following documents must be submitted to the Respiratory Care Program by May 15, 2026, for an applicant to be considered for admission:

1. Completed CCC Associate Degree Respiratory Care application
2. **An official** copy of college or university transcripts from each institution attended. **(Request two (2) official copies of transcripts from each college/university attended to be sent to the student directly and then submitted with the application. To be official, transcripts must remain sealed in the original envelope.**
3. **CCC transcripts:** go to Coahoma's Registrar's Office and request that an official sealed transcript be sent to the Respiratory Care Program.
4. Official ACT (American College Test) scores.
5. Official sealed high school transcript.
6. Signed/witnessed Respiratory Care program performance standards.
7. Signed/witnessed criminal background check information form.
8. Signed/witnessed drug policy understanding.

Admission Selection Process

1. Candidate files are assessed for documentation that meets all minimum admission requirements for the Respiratory Care Technology Program. **Incomplete applications will not be considered for admission.**
2. A rating scale for the admission form is completed, and each candidate is scored on meeting minimum admission requirements.
3. The Rating Scale for Admission form can be found at the [Respiratory Care Admission Rating Scale](#)
4. The completed forms are ranked numerically, and candidates are selected from the top down until available slots are filled.

REMINDER: An application to Coahoma Community College must be made or updated before applying to the Respiratory Care Program.

The Respiratory Care Program must receive all application information no later than May 15, 2026, to be considered. Incomplete applications will not be considered.

Submit a COMPLETED application packet to the Coahoma Community College Respiratory Care Program, 901 Ohio Street, Clarksdale, MS, 38614, by mail or in person.

Notification of Acceptance/Non-Acceptance

Letters of acceptance or non-acceptance will be mailed by the middle of June. If a letter of acceptance is received, the recipient should respond in writing within one week using the "Confirmation of

Acceptance" form included with the letter. Failure to confirm acceptance within a week can result in the admission slot being given to another applicant.

Post Admittance Requirements must be completed by April of the spring semester 2026

Once accepted into the Respiratory Care Program, the following will be required **at the student's expense** and will be due **no later than the end of the spring semester (April)**.

1. Evidence of vaccine(s) or proof of titer for Hepatitis B and Varicella, and current Tetanus and Tuberculosis (TB) vaccines. **(student's responsibility)**
 2. Current American Heart Association Basic Life Support (BLS) certification for health care providers. This must be maintained until graduation. **(arranged by the school)**
 3. Criminal background check clinical clearance letter. **(arranged by the school)**
- **Students will not be allowed to start Clinical Practice I if the above requirements are not met by the specified time.**

Other Important Information:

1. Student malpractice insurance is obtained through the school and charged to the student after the fall semester begins.
2. Each student is responsible for transportation, including access to a dependable car, a valid driver's license, and proof of insurance as required by state and local law.
3. The student is responsible for traveling to clinical facilities for required clinical experiences.
4. Clinical hours are based on 12-hour and 10-hour shifts on Mondays, Tuesdays, and Wednesdays or Tuesdays and Thursdays of the second year.
5. Students must have access to the internet, a computer, Email, and a working telephone number.
6. Any college credit courses taken after acceptance into the Respiratory Care Technology Program will be calculated into the cumulative GPA. Failure to maintain a cumulative GPA above 2.0 will result in the withdrawal of program admission.

The Respiratory Care Technology (RCT) program, CoARC #200582, awards the Associate in Applied Science degree (AAS) from Coahoma Community College. It is located at the Robert G. "Brick" Mason Bldg. 901 Ohio Street, Clarksdale, Mississippi. The Commission on Accreditation for Respiratory Care (CoARC) (www.coarc.com) accredited the RCT program.

DRUG ABUSE POLICY

It is the goal of Coahoma Community College to maintain an environment that is free from the effects of intoxicants or other behavior-altering substances. The college believes a drug-free climate benefits Coahoma Community College employees, students, and the surrounding community.

Once admitted to the Respiratory Care Program, unannounced and random drug screens may be done. If a student exhibits any sensory symptoms or behavior indicative of being under the influence of mind-altering substances, a drug screen will be required immediately. Refusal to test will result in program dismissal.

All students must have evidence of a negative drug screen when tested.

I, _____, have read and understand the substance use policy of Coahoma Community College. I grant permission for drug and alcohol testing of myself and acknowledge consent by this signature affixed hereto. I grant permission for the laboratory facility to release lab results to Coahoma Community College.

I understand that I am responsible for providing written documentation from my physician regarding controlled substances that I am taking that could be positively identified in a drug profile.

COAHOMA COMMUNITY COLLEGE RESPIRATORY CARE PROGRAM

Performance Standards for Admission and Progression

These technical standards represent the non-academic demands associated with the respiratory care discipline. The standards result from information obtained from industry sources, instructional faculty, and published occupational references. Successful program completion is, in part, contingent upon students' ability to meet the physical and cognitive demands represented by these standards.

General Job Description:

Utilizes the application of scientific principles for identifying, preventing, remedying, researching, and rehabilitating acute or chronic cardiopulmonary dysfunction, thereby producing optimum health and function. Review existing data, collect additional data, and recommend other data needed to evaluate patients' respiratory status, develop respiratory care plans, and determine the appropriateness of the prescribed therapy. Initiates, conducts, and modifies prescribed therapeutic and diagnostic procedures such as: administering medical gases, resuscitation; providing support services to mechanically ventilated patients; maintaining artificial and natural airways; performing pulmonary function testing, hemodynamic monitoring and other physiologic monitoring; collecting specimens of blood and other materials. Documents necessary information in the patient's medical record and on other forms, and communicates that information to members of the health care team. Obtains, assembles, calibrates, and checks necessary equipment. Uses problem-solving to identify and correct malfunctions of respiratory care equipment. Demonstrates appropriate interpersonal skills to work productively with patients, their families, staff, and co-workers. Accepts directives, maintains confidentiality, does not discriminate, and upholds the ethical standards of the profession.

Physical Standards:

- Lift/carry objects such as portable ventilators and battery packs weighing up to 40 lbs. frequently; assist moving or repositioning patients with or without assistance - Patients may weigh in excess of 300 lbs. and weight lifted may be in excess of 100 lbs. occasionally.
- Stand/walk for prolonged periods of time with only occasional sitting - Walking is generally on hard surfaces and occasionally involves stairs.
- Bend and twist frequently and intermittently for prolonged periods of time - Some degree of bending and twisting is involved with nearly every task.
- Kneel, stoop, and crouch occasionally when performing such tasks as adjusting equipment, plugging in electrical equipment, or performing CPR.
- Push/pull large wheeled equipment such as ventilator machines weighing in excess of 200 lbs.
- Manual and finger dexterity sufficient to manipulate patients and equipment; grasp syringes, laryngoscope, and endotracheal tubes; handle small and large equipment for storing, retrieving, and moving; manipulate knobs and dials; and assemble, disassemble, correct malfunctions, perform maintenance and evaluate various pieces of medical equipment.
- Extend arms downward, outward, or upward.
- Auditory ability sufficient to hear verbal instructions, hear heart and breath sounds with a stethoscope, hear gas flow through equipment, and perceive warning signals.
- Visual acuity sufficient to read typed, handwritten, or computer information; see patient conditions such as skin color, work of breathing, and mist flowing through the tubing; accurately read gauges, dial settings, and digital and analog displays; and recognize biohazardous fluids.
- Physical tolerance to a clinical environment may include noisy conditions, crowded conditions, stressful situations, sterile surroundings, frequent exposure to blood-borne pathogens, secretions, bodily fluids, and exposure to chemicals/solvents.

Cognitive and Behavioral Standards:

- Calculate, analyze, interpret, and record numbers and physical data accurately from observation, charts, radiology screens, and computer information systems.
- Apply theory to clinical practice, maintaining competence under challenging and sometimes stressful situations.
- Communicate effectively, utilizing written and spoken English when interacting with patients, their families, and other health care professionals.
- Interact professionally and effectively with patients, families, and co-workers as a healthcare team member.
- Carry out orders accurately and in a timely manner.
- Function safely, effectively, and calmly under stressful situations.
- Prioritize effectively and maintain composure while managing multiple tasks.
- Accept and apply constructive feedback.
- Maintain a positive and constructive manner with peers, co-workers, and instructors.

Persons with Disabilities:

Individuals with disabilities are encouraged to apply for admission and/or matriculation in the program. In accordance with the Americans with Disabilities Act and the Rehabilitation Act of 1973, accommodations for students with disabilities will be considered at the student's request. The student will be required to register with Taneshia Winston, Director of Employee Services/Coordinator for 504/ADA, Title IX Compliance Officer, and provide documentation of disability. Once the student is qualified by the Coordinator for 504/ADA, Title IX Compliance Officer as having a disability, requested accommodations will be considered. Accommodations for the classroom, laboratory, or clinical setting will be considered according to reasonableness. Accommodations that compromise patient care or fundamentally alter the nature of the program or activity are not considered reasonable. A student denied accommodation may request an individualized determination to assure that the denial is not a result of disability discrimination.

For additional information, please contact Taneshia Winston, Director of Human Resources/Coordinator for 504/ADA, Title IX Compliance Officer, Office #A100, Vivian M. Presley Administration Building, 3240 Friars Point Road, Clarksdale, Mississippi 38614, Phone: (662) 621-4853, Email: twinston@coahomacc.edu

PLEASE CHECK:

_____ I do not require special accommodations to meet the performance standards.

_____ I will need the following accommodations to meet performance standards.

Please list _____

I understand the requirements and feel I can achieve the performance standards described for the Respiratory Care Program.

Signature _____ Date _____

***Return this completed form with your application information.**

**COAHOMA COMMUNITY COLLEGE
RESPIRATORY CARE PROGRAM**

BACKGROUND INFORMATION SIGNATURE FORM

All students providing direct patient care in healthcare institutions regulated by the MS Department of Health should be aware that Mississippi law requires background checks for individuals seeking employment in a healthcare facility.

According to the Mississippi State Law, an individual may not be eligible for employment if the criminal history record check discloses a felony conviction, guilty plea or plea of nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23 (h), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault, or felonious abuse and/or battery of a vulnerable adult that has not been reversed on appeal or for which a pardon has not been granted.

Each student must submit a criminal background clearance letter by the end of the spring semester (April 2026). The respiratory care program will arrange for a background check. It is the student's responsibility to comply with such arrangements. Failure to comply will result in the student's dismissal from the program.

A clinical clearance letter must be provided to the Respiratory Care Program for a student to meet the program's clinical agency practice requirements.

I, _____, have read and understand the above information regarding the Mississippi State Law requiring background checks for individuals providing direct patient care in healthcare institutions regulated by the MS State Department of Health.

Coahoma Community College
Information Sheet for the TEAS (Test of Essential Academic Skills V)

What is the TEAS? The TEAS is a computerized pre-entrance test required for all Coahoma Community College (CCC) Respiratory Care Program (RCT) applicants. The TEAS is used to evaluate applicants for admission to the Respiratory Care program. The TEAS is only one of several criteria used in the selection process. The TEAS is a multiple-choice assessment of basic academic knowledge in reading, mathematics, science, English, and language usage.

How do I prepare for the TEAS? The TEAS Study Guide is available in the CCC bookstore and online at <https://www.atitesting.com/teas>.

How do I register to take the TEAS? Complete and submit the TEAS Registration Form along with a \$70.00 money order at least one week before the test date is chosen. (See TEAS Registration Form)

Where do I take the TEAS? The TEAS is given on a computer at the CCC Gathwright Workforce Center at 510 Sunbelt Drive, Clarksdale, MS (located on Highway 49 South); phone number (662) 627-9139. Parking is available in front of the building.

- **All applicants must create an account online prior to the day of testing.**
 - Go to <https://www.atitesting.com/>
 - At the top right of the screen, click the Create Account tab beside Sign In.
 - Fill in the information.
 - Create a username and password (**write it down so you will remember it on the day of the test**)
 - After filling in the information, click Register.
- Bring a picture ID on the day of the test. Applicants will not be allowed to test without it.
- Calculators are not allowed.

What do I need to make on the TEAS to pass? A TEAS passing score has not been set. Respiratory Care applicants will be compared by ranking. Other criteria will also be used for the selection process.

How often can I take the TEAS?

Applicants may take the TEAS no more than once a year.

Where do I submit the TEAS Registration Form?
